SUMMARY  
CODES

2015 Pre-Disaster Mitigation Plan – Community Survey

9. Below are blank mitigation strategy charts for you to fill in for each of the hazards highlighted above. Please enter the hazard in the first column, and fill in each of the following columns related to that hazard. **Each community must include a goal for protecting existing residents and property, and a goal for protecting future residents and property from the hazard.** If your community participates in the National Flood Insurance Program (NFIP), you must also include a separate action related to NFIP compliance for flood hazards. Also included in this packet is a copy of the document, “Mitigation Ideas,” written by the Federal Emergency Management Agency (FEMA) to assist you in creating mitigation strategies. Below is an example for your reference:

<b>HAZARD: <u>Wildfire</u></b>	
<b>GOAL 1: PROTECT <u>CURRENT</u> RESIDENTS AND PROPERTY</b>
