

EVERYONE COUNTS IN THE BEAR RIVER AREA

Week of January 26 – January 28, 2017

There are multiple opportunities and several ways to be part of the Bear River Area Point in Time count. The project will take place over a three-day period from Thursday, January 26, through Saturday, January 28, 2015. During this week, we anticipate needing upwards of 50 volunteers, most of which will be needed to conduct the surveys with individuals experiencing street homelessness. However, there are other vital roles to support the effort of the count by providing in-kind or monetary donations to support the campaign to end homelessness in our community.

VOLUNTEER

OUTREACH VOLUNTEERS: We need approximately 50 volunteers to work in teams to interview individuals experiencing homelessness. This is a four-day commitment due to the manner in which the outreach is conducted, wherein each team will work together in a designated geographical area the entire three days of the survey gathering. To be part of an outreach team, you will need to participate in a training session related to interviewing people experiencing homelessness and completing the survey forms.
